Other

Partners

- Kronkosky Foundation
- Medina Lake Betterment Association
- Lakehills Community Volunteers

The Alamo RC&D Area, Inc. working in partnership with the Medina Lake Betterment Association (MLBA) received a \$53,200 grant from the Kronkosky Charitable Foundation for the renovation of the Lakehills Civic Center.

The MLBA has been in existence since 1969 and is dedicated to the enhancement and the well-being and quality of the Medina Lake Area citizens. The Lakehills Civic Center was built in 1971 and now includes 4,700 sq. ft. building, a 3,900 sq. ft. pavilion, a large gazebo, and food and beverage booths.

Programs available at the Lakehills Civic Center includes a senior lunch program where meals-on-wheels lunches are served to seniors daily. Other activities include exercise classes, a wellness program, and health and nutrition classes.

The Youth Program has been expanded to include dance classes, festive events and a summer program that includes outings such as swimming and all meals are paid by MLBA.

The grant paid for the construction of an addition to the front of the current building, which will house ADA compliant restrooms, a storage room, a covered entryway to better accommodate the handicapped, a half-bath for the kitchen and the beginnings of future office space.

The primary fund-raiser for the MLBA is the annual Medina Lake Cajun Festival. Monies raised by the festival maintain the facilities and provide for the many cost-free programs they offer.
